EXPERIENCE

Hercjay Studios, Lagos, Nigeria— *Web Developer*

JANUARY 2020 - 2022

- I built and maintained highly responsive and Search Engine Optimized websites using a variety of web tools like HTML, Bootstrap, Javascript, PHP, MySQL. JQUERY + AJAX, and some ReactJS.

International Pharmaceutical Students Federation (IPSF), The Hague, Netherlands— *IT Manager*

OCTOBER 2021- OCTOBER 2022

- I updated and maintained core PHP codes to fix errors and implement modifications on the global website, ipsf.org

- Installed and/or maintained over five different regional websites built with Wordpress.

- Fixed Email and DNS related errors (like missing DMARC errors) on the primary domain and oversaw all website hosting responsibilities.

Pharmalister Ltd, Lagos, Nigeria—Software Engineer

MARCH 2020 - 2022

- Designed and implemented the schema of a complex MySQL database for the primary product of the company

- Developed the backend for a highly dynamic new user registration page and dashboards for over five unique user account types using the Laravel MVC architecture, JQUERY and AJAX

- Built a highly automated INVOICE GENERATOR spreadsheet with some well designed user forms using Excel VBA programming

IPSF, The Hague, Netherlands—Social Media Manager

OCTOBER 2020- OCTOBER 2021

- I led the media team in developing and implementing some SEO-friendly content strategies to boost organic reach across IPSF online media platforms

- I frequently collected and studied the Analytics reports across various IPSF social media accounts and mapped out some ideal posting times to get the best level of engagement on the posts.

EDUCATION

Nnamdi Azikiwe University, Anambra, Nigeria — *B. Pharm*

2016 - 2023

Studied Pharmacy and did my final project in Molecular Dynamics where I utilized Bash and Python programming in some tools to simulate the interaction of 3D drug models with target receptors for some cancers.

CITEE Computer Training Institute, Kogi, Nigeria— *Diploma in Computer Programming and Data Processing*

DECEMBER 2013

Graduated with a distinction in all the modules covered.
